

1902- Battambang Typewritten Surcharges.Type Sheet of Issue.

In September 1902 the supply of 2 Atts and 10 Atts stamps at Battambang ran short and the Postmaster there supplied the deficiency by surcharging the 3 Atts and 12 Atts stamps with these values respectively by means of a Typewriter.

The issue was quite unauthorised, and the use of the stamps was forbidden as soon as the Authorities at Bangkok knew of their existence, but a certain number had already done postal duty.

2 Atts on 3 Atts.

10 Atts on 12 Atts.
